

HOME RULE

WALLA WALLA

A Better, More Accountable Local Government

Walla Walla County deserves a government that reflects **our community's needs and values – not a one-size-fits-all model from Olympia.**

A **Home Rule Charter** gives residents the power to design our own county government.

It's about **local control, accountability, and modernization.**

What a Home Rule Charter Can Do

- ✔ **Increase accountability** – clear checks and balances between elected officials
- ✔ **Empower voters** – decide how many commissioners we have and how they're elected
- ✔ **Improve transparency** – more public oversight and access to information
- ✔ **Modernize government** – update outdated structures to meet today's needs

Why Now

Walla Walla County hasn't updated its structure in decades. Home Rule gives us the chance to make it work **for today's residents – and future generations.**

Join the Movement Help shape a better, more responsive local government.
